Subject: FW: Defect report view in qlik-sense not showing the manufacturer follow up field
Attachments: Defect and Recall FOIA Data 11_14_2019.xlsx

Hi Ching-Shih,

Can you please take a look at the question below, I need this information for a discussion with Byron. If this something you can provide fairly quickly?

Subject: Defect report view in qlik-sense not showing the manufacturer follow up field

Hi Ching- Shih,

I noticed that the defect report view in qlik-sense not showing the "Anticipated Manufacturer Follow Up " field in either the search view or the report view. Can this be added to these views?

I noticed that these fields are also missing in the excel file that was created for the defect report FOIA (attached). Could you please create a file for me similar this one but including that field for both the legacy and the new system?
